Comic-Con Panelist

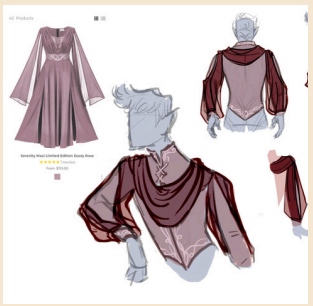

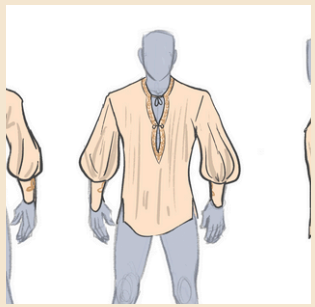

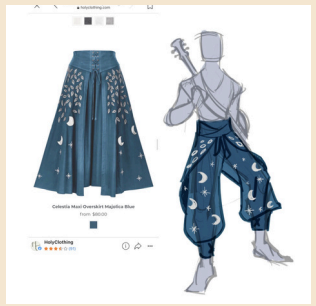

Known at the time as *Cheyenne Rain, [Legal name is now Trystan Hawthorne]* creator of LARP House webseries, Trystan was a speaker on “All About Live Action Role Playing,” a panel about live, collaborative immersive experiences at San Diego Comic-Con in 2016.

“According to Forbes, Comic-Con is the "largest convention of its kind in the world" Since 2010, Comic-Con has filled the San Diego Convention Center to capacity with over 130,000 attendees.” [-Wikipedia]

Design Partnership with HolyClothing

In 2023, Trystan pitched a line of fantasy menswear based on existing products from Holy Clothing- a well known clothing brand especially beloved in his community. This design came from a desire to see color and joy in menswear. The line garnered millions of views and introduced Holy Clothing to an entirely new customer base in a previously untapped and underrepresented market.

The line is so well received even as it is released piece by piece, that Trystan continues to design new pieces for Holy Clothing occasionally as needed.

Realms Apart

Realms Apart was a fantasy audio-visual drama told through a game of Dungeons and Dragons, played by a cast of performers and creators.

Trystan played the part of Calder Grail, a wayward alongside powerhouse industry creatives such as MoMo O'Brien *(My Pride, 2020)*, Noxweiler Berf *(Outbreak: Undead… Rag & Bone 2020)* and Kaza Marie Ayersman (The Haunting Of Grey Manor, 2022).

Realms Apart included 35 multi-hour episodes recorded by the cast, produced by Noxweilier, edited set to animatics by MoMo O'Brien, with art by Saillix.

The trailer for Realms Apart can be viewed, along with the full episode edits and animatics by MoMo O'Brien, on the Realms Apart archival YouTube channel.

The Little Space Pirate

In 2023 Trystan was delighted to compose official music to accompany *The Little Space Pirate*- a children's book written by Dylan Eckstein and illustrated by Quinton Cornell.

> "Follow the thrilling story of the Little Space Pirate and their adventures through the cosmos!
> When the Little Space Pirate gets too much treasure and needs to find a place to hide it all, they find the perfect place— but what if they forget?
> With the help of their Mother, the Little Space Pirate makes a treasure map, hides their treasure, and jets off for their next big adventure."

Inside the book, a QR code leads the reader to the theme music and sound design, created by Trystan. *The Little Space Pirate* is published by Palmetto Publishing and available for purchase in most places where books are sold, including Barnes & Nobles, Target, and Amazon.

College Of Wizardry

From 2016-2019, Trystan worked with documentary team at the largest immersive magic school in the world- College Of Wizardry. Set on location in a 13th century Polish castle, Trystan facilitated workshops, created props and videos for the events.

In addition to Czocha College Of Witchcraft And Wizardry, Trystan also facilitated events and documentary services at the company's partner schools, Bothwell School Of Witchcraft in England and German-speaking Nibelungen/The Challenge at Zamek Kliczkow in Poland.

Alafiya River Rendezvous

Trystan's family has been participating as living history re-enactors at Alafiya River Rendezvous- one of the largest living history events in the SouthEast USA- for over 50 years.

Reenactors at these events provide educational workshops, traditional artisan crafts, music and food to the public as an immersive way to learn about local history.
